

KEY BOARD SHORTCUTS (CONTINUATION)

There are a number of key symbols to look at when inserting or editing the board's corporate, subcategory features, credit codes, interest rates, price, (R&D) and to delete. Together, these factors help determine the value of your board investment and the degree to which it matches your financial objectives.

Abb:

CM: Credit Risk Category Board MA: 11 Months W. 10 Months Market Average WM: Weekly Turnover
 CFT: Fixed Board Turnover Board VM: Value to market VMD: Value to market component date CBA: Control Risk of Errors RFD: Subcategory Board S: Suspended
